EXPERIENCE

Iyyansoft

Full Stack Developer

July 2025 – Present

Chennai, India

- Architecting and maintaining high-performance web applications using the **Next.js and React** ecosystem
- Managing full-stack development lifecycles, integrating robust backend services with responsive frontends
- Collaborating on **scalable software solutions** and optimizing application performance for production

Centre for Entrepreneurship Development

Web Developer & Consultant

Nov. 2024 – May 2025

Chennai, India

- Led the technical development and management of **Startify**, a platform for entrepreneurial growth
- Provided business consulting services, bridging technical implementation and business strategy
- Developed and deployed web assets while managing project timelines and stakeholder requirements

PROJECTS

Multimodal Human Fall Detection System | Python, YOLOv8, CNN-LSTM

Nov. 2024 – May 2025

- Developed a hybrid AI system using **YOLOv8** for vision and **1D CNN-LSTM** for sensor data
- Implemented late fusion for improved accuracy and integrated **Firebase** for real-time monitoring alerts

The Shalom Oasis | Next.js, Tailwind CSS, PostgreSQL

June 2024 – July 2024

- Developed a full-stack responsive resort website covering both frontend and backend functionalities
- Enhanced UI/UX design and optimized performance for a **production-ready** web application

Divine Delight Church | WordPress

Sept. 2022 – Feb. 2023

- Engineered a WordPress-powered resource-sharing platform tailored to specific community needs
